**Subject:** Assets held for future use

Hi Jo

I just wanted to touch base on a couple of issues that were discussed at the workshop last week.

I understand from Adrienne that a different team at the Commission is looking after the assets held for future use IM and ID requirements. In case it is useful, we have pulled together a quick summary of the three key issues that we flagged at the workshop from Auckland Airport's perspective. Feel free to pass this on to the relevant team – and we would be happy to discuss with them if they have any questions or would like any background context.

Kind regards  
Emma
