- Unison
- Vector
- Wellington Electricity

We thank these parties for their submissions.

Cross submissions

We now invite cross submissions on the IM review updated draft decision on cost allocation for electricity distribution and gas pipeline businesses. We note that the cross submissions process is designed to give stakeholders an opportunity to comment on points already raised in submissions by other stakeholders only. Material provided that is beyond this scope might not be considered in reaching our final decisions.

As previously advised, cross submissions are due by **5pm on Tuesday 25 October 2016**. Material provided after this date might not be considered in reaching our final decisions, as it may be difficult for us to give it due consideration. In the past we have received late material and we have had to inform the submitter concerned that we have been unable to have regard to it.

Kind regards,

Keston Ruxton
