1. Content of Schedule 5

- 1.1 This schedule is part of the UBA Backhaul Terms, which set out the rights and obligations of Chorus and Access Seekers in relation to Chorus' unbundled bitstream access backhaul service (**UBA Backhaul Service**). It sets out to the extent necessary:
 - 1.1.1 A list of POI Sites for interconnection to the UBA Backhaul Service – Appendix A; and
 - 1.1.2 Details of the Primary Links and Secondary Links where the UBA Backhaul Service is available – Appendix B; and
 - 1.1.3 Lists of the radial distances for Primary Links and Secondary Links, between Parent POI Sites and associated FDSs, and between POI Sites – Appendix C.
- 1.2 The definitions set out in the UBA Backhaul General Terms and the UBA Backhaul Service Description apply to the extent that they are not expressly modified by or inconsistent with the context of this Schedule 5.

Appendix A - Lists of POI Sites for interconnection to the UBA Backhaul Service

Appendix C – Radial distances for the UBA Backhaul Service

Radial Distance – FDS to Parent POI – Primary Links

Notes:
This table sets out a view of the actual and some potential locations of FDS over the next twelve months and is subject to change. The timings and coverage area of any expansion of the ADSL2+ coverage area will determine the actual timeframe for new FDSs for the purposes of the UBA Backhaul Services.

This list must be made available to Access Seekers via a secure Chorus web portal and must be regularly updated by Chorus where required.
