Dear Andy,

Input Methodologies (IM) review – Submission of expert report August 2023

Who we are:

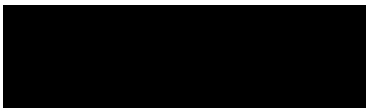

We are a collaborative group of three price-quality regulated gas distribution businesses (GDBs) in New Zealand - FirstGas, PowerCo, and Vector. We formed in 2021 in light of the recent gas default price-quality path reset and continue to collaborate on the IM review.

Expert report submission:

The group is submitting Frontier Economics memorandum '*Response to MGUG submission*' for cross-submissions to the Commerce Commission's draft decision on the IM review.

We would welcome further discussion with you on any aspects of the report.

Your sincerely,

Richard Sharp - on behalf of the Group
