Hello

I am a Ratepayer in Mosgiel and I feel that one meeting for the whole of the DCC area is wrong .The DCC spans as far as Waiholā Middlemarch and Waikouiti ,why are there not more public forums for these groups ? As far as Aurora goes ,they should be forced to sell any land property they own and the directors should be taking a paycut or for that matter be made redundant with no redundancy(welcome to our world) As the DCC are the owners of Aurora then the councillors should be held accountable as for many years this council has taken money for dividends ,money that should have been used for maintaining aurora assets .

End of story
