Dear Michael

RE: FPPs

Thank you for your letter of 13 March 2015.

We appreciate your ongoing interest in the process and for raising your concerns with us, which we have noted.

In answer to your question regarding the conference, at this stage we are not proposing to hold a conference after the further draft determination is released. We confirm that we are holding the conference as an additional consultation step not required by the Act. That is because we have, in terms of section 50, consulted with persons other than parties to the determinations by inviting written submissions on our papers from all persons. We have received and reviewed submissions from consumer groups, including submissions made by you on their behalf. We propose to continue that approach for written submissions on the further draft determinations. For that reason, we understand that a statutory conference following the further draft determinations is not required.

Your other points are noted.

Yours sincerely

Dr Stephen Gale
