Subject: Mobile jet fuel

Good morning .

I am writing in with regards to the sale of the wiri pipeline from Z energy to Exxon Mobil .

I oppose the sale as this gives Mobil complete monopoly over the NZ market which will affect our fuel prices ,air travel and food costs and the ,agriculture sector just to mention a few .

This should be of prevalent concern to all New Zealanders as it will affect all of us in way or another .

Kind regards

Jacinda Reed
