Dear Mr Gunnell,

RE: 2023 INPUT METHODOLOGIES REVIEW - PROCESS AND ISSUES/DRAFT FRAMEWORK

The Qantas Group appreciates the opportunity to provide feedback on the Commerce Commission's Process and Issues and Draft Framework papers, as part of its review of the input methodologies (IMs).

The Qantas Group endorses the submission of the Board of Airline Representatives New Zealand (BARNZ), which includes a report commissioned by BARNZ from TDB Advisory.

We look forward to the opportunity to review submissions from other parties, and to the next stage of this process.

Yours sincerely,

Seb Mackinnon
Head of Commercial Airports
