

SUBMISSION ON THE CAN PLAN / NELMAC CLEARANCE APPLICATION

The Commission received the following submission on its Statement of Issues. The name and contact details of the submitter have not been included but the contents of the submission have been reproduced in full.

Submitter	Date of Submission	Submission
[]	3 April 2021	<p>We are 100% against this merger having recently changed our collector from CanPlan to Bettabins. While their prices are almost identical CanPlan already has far to much power (about 80%) in this industry and as we found out treats any customer complaints with inaction and contempt.</p> <p>[] Richmond, Nelson</p>
