## **Extension to submission period for SPOI consultation to 5pm on 16 September 2022**

Kia ora koutou

We have received a request from a stakeholder for an extension to the deadline for submissions on our consultation paper titled “Specified points of interconnection - draft framework for amending s 231 notice”.

We have considered this request and decided, on this occasion, to extend the deadline for submissions on our paper. The deadline for submissions will therefore be extended from 5pm 2 September 2022 to **5pm 16 September 2022**.

If you are still able to submit your submission by the original due date or by the new date, we encourage you to do so.

You can find the consultation paper on our website at: <https://comcom.govt.nz/regulated-industries/fibre/specified-points-of-interconnection>

We remind you to please make your submission to the Infrastructure Regulation mailbox ([infrastructure.regulation@comcom.govt.nz](mailto:infrastructure.regulation@comcom.govt.nz)).

Ngā mihi nui

Tom
