Hello  
Can I suggest that an independent consumer representative be appointed independently to the board of Aurora to give some confidence to we consumers that these monopoly providers are operating in a fair and transparent manner.  
Cheers Gerrard Eckhoff

Tēnā koutou

We have updated the *[Draft] Electricity Distribution Information Disclosure (Aurora Energy Limited) Amendment Determination 2021* (draft determination) that accompanied our draft decision on additional accountability measures for Aurora Energy Limited (Aurora) to correct some minor formatting errors. The updated draft determination is not materially different to the original version we published on 31 March 2021. Compared to the original version, the updated draft determination:

- a) shows the following definitions from the original version as track-changes:
  - 'Planned accumulated SAIDI limit'
  - 'Planned accumulated SAIFI limit'
  - 'Planned interruption cancelled without notice'
  - 'Planned interruption cancelled with notice'
  - 'Planned SAIFI values'
- b) corrects a formatting error in the list of subclauses in clause 2.8.5A so there is only one subclause '(1)'
- c) shows the references in **bold** to 'SAIDI' and 'SAIFI' in paragraphs (1) and (2) of Attachment B as formatting track-changes.

We encourage your feedback on our draft decision on additional accountability measures (including the draft determination), with submissions open until 10 May, and cross submissions open until 24 May 2021. As our final decision on Aurora's customised price-quality path proposal has already been made, we will no longer be accepting submissions on this topic. Further detail can be found on our website <https://comcom.govt.nz/regulated-industries/electricity-lines/projects/our-assessment-of-aurora-energys-investment-plan>.
