Wellington 6140  
New Zealand

14<sup>th</sup> March 2013

Dear Stephen,

**RE: Timetable for the UBA price review**

I am writing in response to your letter of the 6<sup>th</sup> of March requesting views on the implications for the current UBA price review timetable in the light of the announcement from the Government that it intends to change the legislation to extend the date that the cost-based price takes effect.

CallPlus support the Commission proceeding with the cost based UBA review on the current timeframe. In addition the Commission has a legal obligation and a delay is not justified by the possibility of legislation.

Please do not hesitate to contact me for additional information.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'G. Walmsley', written over a light blue circular stamp.
