Date received: 17 March 2020 via email

'Good afternoon,

Re: Probity, reputation and financial integrity;
Reference number 5 - Has as an individual, been subject to an investigation by the Commerce Commission or other equivalent New Zealand or overseas regulator that resulted in receiving a conviction, judgment award, arranging a settlement, penalty, enforcement action or receiving a warning.

If the Director has addressed the outcome of an investigation, and is now compliant, then this should be taken into account when assessing competency.

Thank you

Erin Symons
