11 July 2011

Wayne Turkington  
Chair  
Air Cargo Council

By email: [wayne.turkington@emirates.com](mailto:wayne.turkington@emirates.com)

Dear Wayne,

**Auckland International Airport Ltd (Auckland Airport)  
Air Cargo Council (ACC)  
Siting of Cargo Facilities – Cargo South**

Thank you for your letter of 4 July 2011, in relation to your request for consultation over the future of related cargo facilities and in particular your concerns over existing security fencing.

As you may be aware, this area forms part of Cargo South Precinct which has been earmarked for future masterplanning. However, it is envisaged that any masterplanning of this Precinct will only commence post relocation of the Domestic Terminal Building (DTB).

The existing security arrangements will be included as part of the masterplanning of this Precinct. During this process there will be opportunities to provide feedback/comments. Auckland Airport will advise key stakeholders when this opportunity will be available.

Please advise if you have any further queries.

Yours sincerely,

Sean Thompson  
Business Development Manager, Property
