**DRAFT Product Disclosure –
Retail Service Bundling
Guidelines**

WISPANZ Submission

13 October 2023

Thank you for the opportunity to comment on the Product Disclosure – Retail Service Bundling Guidelines.

WISPANZ provided feedback in the initial consultation stages that was broadly supportive of the proposed bundling guidelines.

We wish to extend our support to the draft guidelines published 21 September 2023. We aren't proposing any changes to the guidelines as published.

WISPANZ consider the guidelines will promote greater transparency in the retail segment of the industry and enhance understanding amongst consumers of what the true cost of service is.

Yours Faithfully,

Glenn Hutton

On behalf of

WISPANZ
