1 Introduction

- 1.1 This schedule sets out the Charges¹ for the UBA Service and provides a mechanism to make adjustments to the Charges for Service Components².
- 1.2 References to clauses or sections are references to clauses or sections in this UBA Price List unless expressly provided otherwise. The definitions set out in the UBA General Terms, the UBA Service Description and the UBA Operations Manual apply to the extent that they are not expressly modified by or inconsistent with the context of this UBA Price List.

2 Charges

- 2.1 All Prices³ are listed under the "Charge" column for each Service Component.
- 2.2 Charges for UBA Service Components are described as being either a Core ('C') or Sundry ('S') Charge.
- 2.3 **Core Charges** are for the core components of the UBA Service.
- 2.4 **Sundry Charges** are for other components of the UBA Service.
- 2.5 Prices for Service Components are either:
- 2.5.1 fixed; or
 - 2.5.2 calculated; or
 - 2.5.3 expressed as "Price on application" (**POA**). Prices that are POA must reflect the underlying cost of providing the resources and project management skills required to provide the Service Component.
- 2.6 For all Service Components that are POA, Chorus must, if requested by the Access Seeker, use all reasonable endeavours to provide the Access Seeker with two or more competitive quotes.
- 2.7 Charges will become due and payable and will be invoiced in the manner described in the "Charge invoiced" column for each Service Component.
- 2.8 The provisions in the UBA General Terms relating to invoicing and payment of Charges apply.
- 2.9 All adjustments to Prices must be done in accordance with the relevant Price Change Mechanism listed in the "Price Change Mechanism" column for each Service Component.
- 2.10 Service Components in Table 2: UBA Service Recurring Charges have Prices set for each of the 5 years of the FPP regulatory period.⁴ These are listed in the "Charge" column that relates to each Service Component.
- 2.11 Any adjustments to Charges for Service Components must be approved by the Commission.
- 2.12 Service Components 2.1 – 2.8 include the UCLL Uplift Service Component (UBA Service Component 2.16). Chorus may not assess a separate Charge to the Access Seeker or any other party that includes the costs of Chorus' full unbundled copper local loop network for that line and must, if the non-UBA Service being purchased by the Access Seeker or other party includes such costs, deduct such costs from the Charge for the other Service.

¹ **Charge** is defined in the UBA General Terms as "all or (as the context requires) any amounts payable by the Access Seeker under the UBA Terms." Charges in this schedule exclude GST.

² **Service Component** means a component of the UBA Service, described in the rows of tables 1-3 below. Each Service Component has a description of the service, a Price Change Mechanism, invoicing detail and a Charge, which is identified as either Core or Sundry. Individual Service Components are referred to by the numerical reference number at the start of the row in which the Service Component is described.

³ **Price** in this document means the dollar amount(s) attributed to a Service Component. A Price becomes a Charge when the Access Seeker requests/receives the Service. Prices in this schedule exclude GST.

⁴ The UBA FPP decision set a 5-year regulatory period as follows:

- Year 1: 16 December 2015 to 15 December 2016;
- Year 2: 16 December 2016 to 15 December 2017;
- Year 3: 16 December 2017 to 15 December 2018;
- Year 4: 16 December 2018 to 15 December 2019; and
- Year 5: 16 December 2019 to 15 December 2020.

3 Adjustment to Charges

- 3.1 Chorus must, subject to the approval of the Commission, pass through changes in costs by increasing or decreasing Prices as follows:
- 3.1.1 Each year, on 1 November, Chorus must calculate adjustments to the Prices relating to those Service Components where this clause is the prescribed Price Change Mechanism below. Those adjustments must be by an amount equivalent to the percentage change (up or down) for the previous year in the Labour Cost Index (All sectors, Salary and Ordinary Time Wage Rates, All industries combined) Series Reference LCIQ.SG51Z9 as published by Statistics New Zealand, or such successor index as may be designated by Statistics New Zealand from time-to-time.

For the purpose of this clause 3.1.1 the annual percentage change between the previous year's June index number and the current year's June index number must be used.
 - 3.1.2 When adjusting Prices under clause 3.1.1, Chorus must review all Service Components which are POA and calculate a fixed Price where this is practicable.
- 3.2 Once an adjustment or new fixed Price has been calculated under clause 3.1, Chorus must give notice to the Commission of the adjustment. The notice must include:
- 3.2.1 the figures used in the calculation for the adjustment;
 - 3.2.2 the calculations undertaken for the adjustment;
 - 3.2.3 a description of the adjustment made; and
 - 3.2.4 the reasons for the increase or decrease.
- 3.3 After an adjustment has been approved by the Commission, Chorus must:
- 3.3.1 notify Access Seekers of the adjustment; and then,
 - 3.3.2 activate the new Charge arising from the adjustment in its billing systems within 30 Working Days of the Commission notifying Chorus of its approval.
