Dear Ruth

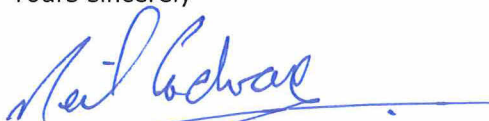

**SECTION 56G REVIEW CHRISTCHURCH AIRPORT – CROSS SUBMISSION**

Christchurch International Airport (CIAL) appreciates the opportunity to respond to the cross submissions on the Section 56G Draft Report dated 15 October 2013 following submissions by BARNZ and Air New Zealand.

This cross-submission has been made in response to points raised in the submissions by BARNZ and Air New Zealand. As these submissions had a very tight focus we wish to record our desire to respond to any substantive new issues that may be raised in cross-submission.

I also reiterate our intention and preparedness to address any transparency concerns, and request that the Commission notify us of any remaining transparency concerns before finalising its report.

Yours sincerely

Neil Cochrane
